(in millions)  
(unaudited)

Net total debt should not be considered an alternative to any GAAP measure of performance or liquidity. Management believes net total debt is an important measure of liquidity, and a primary component of measuring compliance with the financial covenants under the Company's credit facility. Net total debt should be reviewed in conjunction with Kroger's financial results reported in accordance with GAAP.

The following table provides a reconciliation of total debt to net total debt and compares the balance in the third quarter of 2009 to the balance in the third quarter of 2008.
