

Kroger Supplier Information Management System (SIM)

Training Documentation

Introduction

All Kroger suppliers are required to register in Kroger's new Supplier Information Management (SIM) system. The SIM system will provide for a centralized database of suppliers, along with their facilities, products and services, that can be used by our associates in operating units throughout the Company. In addition, the document management and communication features of this system are designed to ensure Kroger and its suppliers comply with the law, especially ever-increasing regulations and related inspection, tracking, monitoring and certification requirements. Based on how a supplier answers the registration questions, the SIM system will request that the supplier upload additional documents or agree to additional terms. A fully functioning SIM system will allow all levels of management to identify Kroger suppliers who are qualified to do business with Kroger (as well as those who are not).

Certifications and other information associated with suppliers and their facilities will be stored in and visible through the SIM system. The SIM system will track expiration dates and send email reminders to suppliers to help keep this supplier information and documentation current. Kroger sets high standards for its suppliers and the SIM system is designed to help us ensure that our suppliers have the necessary knowledge, processes, commitment, and quality products to be a part of Kroger's trusted network.

To begin the registration process visit www.thekrogerco.com and select the link “Vendors & Suppliers”

The screenshot shows the Kroger website's navigation bar with the logo on the left and links for "Vendors & Suppliers", "Careers", and "Contact Us" on the right. A red arrow points to the "Vendors & Suppliers" link. Below the navigation bar are links for "About Kroger", "News Room", "Investor Relations", "Community", and "Sustainability". The main content area features a grid of categories: "Social", "Economic", and "Environment". A central banner titled "Improving Today to Protect Tomorrow" includes the text: "Creating jobs. Moving toward zero waste. Feeding the hungry. Reducing energy consumption. Kroger's 375,000 associates are helping to make each community we serve a better place to live." Below the banner are logos for "CERTIFICATION NATION 2014" (Elite Member, Energy Star) and "Awards & Recognition" (National Business Group on Health, 2014 Best Employers).

Select “Become a Supplier” and detailed instructions on how to register your company will appear.

Kroger Supplier Self-Registration

The Kroger Company uses an automated Supplier Information Management (SIM) program to manage our relationships and interactions with suppliers. The SIM program provides a centralized database of suppliers, along with their facilities, products and services, that can be used by our associates in operating units throughout the Company. The document management and communication features of this system supports programs designed to ensure Kroger and its suppliers comply with the law, especially ever-increasing regulations and related inspection, tracking, monitoring and certification requirements.

The Kroger Co. is working with Iasta and using its Smartsources platform for the SIM program. [This is the only way we accept current and/or prospective supplier registration information.](#)

Please use the link(s) below to complete the self-registration process.

Please prepare the following documentation BEFORE you proceed to register. You will not be able to continue without this information.

[Edit this Company Profile](#)

1. Kroger Supplier Registration Profile

1.1*

Welcome to The Kroger Co.'s Supplier Information Management system. The information collected from this process will be used by buyers across the entire organization to invite suppliers to participate in sourcing events and other opportunities. Providing complete and accurate information will support key decisions made in connection with your supplier relationship with Kroger.

Completing the registration process does not guarantee you will receive a request to bid and/or a contract from Kroger, nor does it imply that your company has any type of procurement relationship with Kroger.

This profile is tied to the main contact at your company. This person will be responsible for ensuring all information is up to date and will be the main point of contact for any information that needs to be updated within the profile.

Required Question

For validity purposes, please type your company name.

(no answer)

1.2*

Required Question

Are you a current supplier of Kroger? A supplier is considered current if paid by The Kroger Co. in the past 14 months. Please note, if you are not a current supplier and are awarded future business with Kroger, you will be required to update this answer at that time.

Yes

1.3*

*** Required Question ***

What type of Tax ID Number do you have?

Note: If your TIN number needs to be updated in the future, please notify Kroger's Supplier Information Management Team at 855 707-4202 Ext. 4 to help you through this process.

EIN

Use the following navigation and command buttons at the top and bottom of profile pages to navigate through the pages of the survey and save and submit your response.

Back: Go to the previous page of the profile. This link is not available if there is no previous page.

Next: Go to the next page of the profile. This link is not available if there is no next page.

Pages: Go to a specific page by selecting it from a list of pages in the Jump to Page area.

Save: Save profile and continue entering information. You'll receive a message stating the profile has been saved and providing a link to exit the editor.

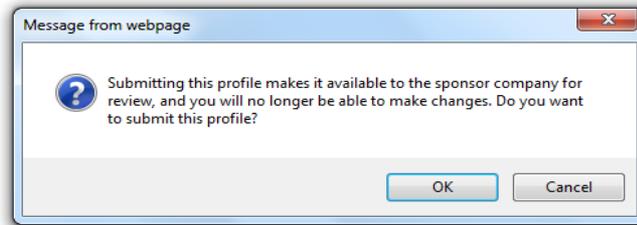

Cancel: Cancel the changes you have made and exit the profile editor.

Preview: Open a preview page with your response displaying as it will appear to the sponsor.

Submit: Save your changes and submit them to the sponsor company. Submitting a profile changes the profile's completion status to submitted and the review status to unverified. The sponsor can review your profile and verify or reject individual questions. You will have the option to print your profile after submitting it.

Once you submit your Kroger Self Registration Profile your information will be verified by Kroger and you will be informed of next steps. Please note that it can take several weeks for you to receive your log-in credentials to complete the remaining profiles.

The next e-mail you receive will be a request to complete the Primary SIM Profile similar to the one below. You will be asked to choose a permanent password and can return to your profiles using the link provided in this email.

Dear Agatha,

The Kroger Co. is implemented a new Supplier Information Management program in 2014 and all active vendors are required to register with Kroger as part of the program. Your company has been identified as an active Kroger vendor and participation is mandatory. Kroger is working with Iasta, a company comprised of sourcing and onboarding experts, to assist in the implementation of the Supplier Information Management program. Iasta's SmartSource web portal allows vendors to provide company information through a series of online profiles.

To participate, please use the information below to access the Kroger Supplier Information Management on-line system. Once logged in, you will be given access to the Primary Supplier Information Profile. Subsequently, the Contracts, Locations, and Supplier Capabilities Profiles will be released based on your submissions and responses. You will be provided access to help documentation and FAQ guide within the first section of any profile. To access a 5 minute tutorial on completing profiles in the system, please follow this link: <http://videos.iasta.com/supplierprofilevideo/>.

Below is your user name and password to log into the SmartSource web portal. Please email krogerregistration@iasta.com or call 1-855-707-4202 x1 if you have any issues accessing the Kroger Supplier Information Management profiles through the portal.

1. Navigate to <http://kroger.smartsourceportal.com>
2. Enter the following login information:
 - * User Name: [REDACTED]
 - * Password: [REDACTED]
3. Click on company profiles
4. Select an assigned profile
5. Click the edit link within the profile to begin editing

Please note the temporary password listed above can only be used once. After logging in for the first time you will be prompted to create a permanent password for future access. If you forget your password you may reset it on the website by clicking the link provided in step #1 above.

You can access the profile by clicking on the link “Company Profiles” in the left side margin.

1.1* ***Required Question***

Welcome to The Kroger Co.'s Supplier Information Management system. The information collected from this process will be used by buyers across the entire organization to invite suppliers to participate in sourcing events and other opportunities. Providing complete and accurate information in these profiles will support key decisions made in connection with your supplier relationship with Kroger.

"Kroger" means The Kroger Co. and its direct and indirect subsidiaries and other affiliates; Kroger's retail, distribution, procurement and manufacturing operations currently are conducted under the names listed here: <http://www.thekrogerco.com/about-kroger/operations>. "You" or "I" means the company for whom this profile is being submitted.

Completing the registration process **does not guarantee** you will receive a request to bid and/or a contract from Kroger, nor does it imply that your company has any type of procurement relationship with Kroger.

This profile is tied to the main contact at your company. This person will be responsible for ensuring all information is up to date and will be the main point of contact for any information that needs to be updated within the profile. **You must complete all required fields (question numbers marked with an asterisk and highlighted in dark red) in order to submit the profile.** Also, question numbering may appear out of order due to some questions' visibility being dependent on specific answers. If you have questions about the online profile submission process or experience technical issues, please contact krogerregistration@iasta.com.
