

Policy on customers carrying firearms in stores

The safety of our customers and associates is one of our most important company values. Millions of customers are present in our busy grocery stores every day and we don't want to put our associates in a position of having to confront a customer who is legally carrying a gun. That is why our long-standing policy on this issue is to follow state and local laws and to ask customers to be respectful of others while shopping. We know that our customers are passionate on both sides of this issue and we trust them to be responsible in our stores.
