

**The Kroger Co.**

**2018 Political Contribution Annual Report**

**Introduction:**

Political giving is one small way in which The Kroger Co. engages in the political process.

We are members of various trade associations that provide government relations services in Washington and in the States. We regularly educate legislators and regulators about issues that affect our company, industry, associates, and customers. In addition, we inform our management associates of important issues and occasionally encourage them to contact legislators.

On the following pages, you will find a report detailing all of our political giving from the calendar year of 2018. During that period, we gave a total of \$2,256,117 to candidates and issue campaigns.

A breakdown of the information by source of funds, political party, and state follows:

**Total Giving**

### **Trade Associations:**

Kroger is also a participant in a number of federal trade associations that help represent our perspectives in Washington, D.C. It is important to note that we do not always share the same perspectives on legislation as do our trade associations. A full description of Kroger's specific lobbying activities is filed quarterly with Congress and is available online.

The list of national trade associations of which Kroger is a member include:

- Food Marketing Institute
- International Dairy Foods Association
- United Fresh Produce Association
- National Retail Federation
- National Association of Convenience Stores
- American Bakers Association
- HR Policy Association
- U.S. Chamber of Commerce
- National Association of Chain Drug Stores
- American Trucking Associations
- Retail Industry Leaders Association
- National WIC Association

The portion of dues paid by Kroger to these organizations allocated to lobbying is \$154,989.43
