

The Kroger Co.
2019 Political Contribution Report

Introduction:

Political giving is one small way in which The Kroger Co. engages in the political process.

We are members of various trade associations that provide government relations services in Washington, DC and in the States in which we operate. We regularly educate legislators and regulators about issues that affect our company, industry, associates, and customers. In addition, we inform our management associates of important issues and occasionally encourage them to contact legislators.

On the following pages, you will find a report detailing all of our political giving from the calendar year of 2019. During that period, we gave a total of \$243,676 to candidates and issue campaigns.

A breakdown of the information by source of funds, political party, and state follows:

Trade Associations:

Kroger also participates in several federal trade associations that help represent our perspectives to legislators and regulators in Washington, D.C. It is important to note that we do not always share the same perspectives on legislation and regulatory matters as do our trade associations. A full description of Kroger's specific lobbying activities is filed quarterly with Congress and is available online.

The list of national trade associations of which Kroger is a member include:

- FMI: The Food Industry Association
- International Dairy Foods Association
- Retail Industry Leaders Association
- National Retail Federation
- American Baker's Association
- U.S. Chamber of Commerce
- National Association of Chain Drug Stores
- American Trucking Associations
- United Fresh Produce Association

The portion of dues paid by Kroger to these organizations allocated to lobbying in 2019 is \$408,266.64
