

The Kroger Family of Companies

## **Statement on Community Rewards**

---

Community Rewards is a customer-directed giving program in which thousands of IRS-approved 501(c)(3) nonprofit organizations participate. We were dismayed to learn that this group is part of the Community Rewards program. Given the concerning nature of the allegations against this organization, we have immediately removed the group from receiving customer-directed funds. Kroger has not directed any corporate grants or charitable dollars to the organization. We are currently reviewing the list of organizations enrolled in the program to determine if there are additional groups we should remove.
