

The Kroger Co.

2023 Political Contribution Annual Report

Introduction:

Political giving is one way in which The Kroger Co. engages in the political process.

We are members of various trade associations that provide government relations services in Washington, DC and in the States in which we serve customers. We regularly educate legislators and regulators about issues that affect our company, industry, associates, and customers. In addition, we inform our management associates of important issues and occasionally encourage them to contact legislators.

On the following pages, you will find a report detailing all of our political giving from the calendar year of 2023. During that period, we gave a total of \$458,493.03 to candidates, political organizations, and issue campaigns.
